2017 Summary

The FTTH Council Asia-Pacific would like to thank the sponsors, exhibitors, speakers and delegates for joining FTTH APAC Conference 2017, which was attended by over 420 senior level executives representing 150 global organisations from 35 countries. 50+ industry leading speakers delivered the latest market updates at FTTH APAC Conference 2017

India was the 2nd time selected venue Council went for the Annual Conference. It offered the perfect location for this year's event which took place from the 25-26 April 2017 at the Pullman New Delhi Aerocity, New Delhi. The great and the good from Asia's leading telecom operators, Government representatives, FTTH vendors and manufacturers made up the delegation of over 420 senior executives that attended the event. The 12th annual FTTH APAC Conference united the region's government bodies, regulators, MNOs, service providers, consultants, investment firms and solution providers to discuss the challenges in deploying FTTH services.

We were delighted to be joined by Mr. R.S. Sharma, Chairman, Telecom Regulatory Authority Of India (TRAI), Mr. Sudhir Gupta, Secretary, Telecom Regulatory Authority Of India (TRAI) and Mr. N.Sivasailam, Additional Secretary, Telecom Regulatory Authority Of India (TRAI) who got the conference off to a strong start.

Some of the notable sessions were Asia Pacific case studies, Building the Foundation Of An FTTx Future, Internet For Everyone, Fiber Vs Other Services: Understanding Alternative Technologies, The Role Of Fiber In The Roadmap To 5G, Deep Fiber Networks Enabling Smart Cities.

40+ international exhibitors will descend upon New Delhi to showcase the very latest innovations in fiber deployment for the regional strategy and planning teams of Network Operators and ISP-s

The annual Gala Dinner returns in 2017, bringing together the entire FTTx community for an exclusive evening of networking, fine dining and local entertainment. A truly unmissable opportunity to make new and top industry connections in an exciting and social environment.

Brand new for 2017, our exclusive Press & Media Zone gave our attendees the chance to share and announce the latest industry news including exciting product launches and business partnerships directly with the FTTx community.

We look forward to welcoming you and your organisation to FTTH APAC Conference 2018 in Manila!
