

**Phnom Penh, March 28<sup>th</sup>, 2019** – The FTTH Council Asia-Pacific has successfully celebrated the continuing development of fiber to the home technologies along with 5G, IoT and smart cities as it organized its first ever full day event bringing together industry experts in Cambodia. The theme for the day was “Transitional Digital Connectivity: FIBER/5G”. Speakers and delegates from across the industry came together at the Sofitel Phnom Penh Phkeetra to discuss some of the hottest topics in the field, including regulatory policy, deep fiber, 5G, Smart Cities etc. Around 90 industry experts from Cambodia, Australia, India, China, Vietnam, Sweden and other parts of APAC took part at the event.

Mr. Tim Yamada, FTTH Council Asia-Pacific delivered the welcome speech highlighting the updated FTTH developments across Asia-Pacific region.

His Excellency Chairman Mr. Chakrya Moa of TRC delivered the opening keynote on “Fiber & 5G Regulatory Framework of Cambodia”. Some of the areas he covered was Cambodian latest uptake numbers, status of fiber internet, 5G plan etc

Sokvantha Youk, Head of Engineering of EZECOM delivered speech on “Opportunities & Challenges of FTTH in Cambodia”. He shared the opportunities and challenges they face for FTTH deployment in Cambodia.

Anil Pande, Territory Director China & SEA, Duraline covered the topic “IoT Utility Corridor” in his presentation

Li Haiyan, Vice-President, CFOCN give her presentation on “Rollout of Fiber Broadband Infrastructure”. She covered some interesting numbers on her company and overall of their operation in Cambodia

The next speaker was Mr. Nguyen Duc Nam, Director of ICT, Viettel (Cambodia) and his topic was “High Speed Broadband Insight for Cambodia”

The next speaker was So Sothy from Telecom Cambodia. His topic was “Home IoT/Connected Homes and ISPs Opportunity”

The next speaker was Anil Pande, Vice Chair – SCC, FTTH Council Asia-Pacific and he presented on “Common Duct Utility Corridor – Global Perspective”

The next session of the day was a roundtable discussion on “Roundtable Discussion: 5G for Cambodia – When, How and For?”. This was moderated by His Excellency Chairman Mr. Chakrya Moa of TRC and was attended by

- H.E. Long Saron, Advisor and Deputy Director-General, Ministry of Posts and Telecommunications
